## San Rafael Wants to weed their coffee farm lands

Heavy rains characteristic of this fertile region favor a lush growth of all the vegetation and the small coffee producers of San Rafael 12 need to clean their farm lands of weeds that compete for the nutrients of the soil and thus avoiding part of the production to be lost due to malnutrition of the coffee plants. - 200.000 Mexican pesos (around 8.900 €) - 20 community members, 10.000 pesos each. - 300 days (10 months) loan. - 15% yearly interests over the mexican pesos.

### Local Node: Mario López López

Projects backed: 2

Mario lives in Tapachula, Chiapas, Mexico. He knows the area extensively since for several years he has managed the ministrations directly to more than 50 families. Mario has gained experience in the cultivation of coffee.

### Place: San Rafael

Ejido de San Rafael is a community of small farmers in the municipality of Juárez, which is part of the Soconusco coffee region. In the last century varieties of Arabica coffee were grown and nowadays highly productive robusta varieties have also been introduced. Harvest is carried out during October, November and December still on rainy season in a geographical area with excellent climate and free of frost. The 22 members of this San Rafael Group 12 participate with their respective families and have chosen Mr. Mario Rene Menchú Vázquez as representative of the group.

#### Invest

Confirm the amount of Ether to lend:

0.1

If the amount sent is more than required, the remainder will be sent back to your wallet.

Clicking "Confirm" will open the Send Transaction dialog in metamask. Click on the Submit button there to send the transfer to the Ethereum Blockchain
